CROW WING COUNTY SEEKS SEASONAL WATERCRAFT INSPECTORS

Crow Wing County and Brainerd's Employment Resource Center are currently seeking candidates for available seasonal watercraft inspector positions. These positions conduct inspections of watercraft equipment at public water accesses, and will have frequent public contact with boaters to inform them about aquatic invasive species (AIS) rules.

The County encourages those who enjoy working outdoors and possess superior customer service skills to apply for a seasonal watercraft inspector position.

Those interested in applying to be a seasonal watercraft inspector may do so online at www.ercstaffing.com or in person at ERC's office located at 607 Washington Street in Brainerd.

"These positions provide important face-to-face contact with the public to increase awareness and prevent the spread of aquatic invasive species to our waters," stated Chris Pence, Division Manager for Environmental Services.

The 2017 plan for the prevention of the spread of Aquatic Invasive Species includes funding for watercraft inspections at approximately 50 boat landings throughout the County this summer. Watercraft inspections were identified by lake associations and stakeholders as a top priority for AIS funding. AIS funding is allocated by the state legislature as part of the program aid given to Minnesota counties.

A map identifying watercraft accesses the County plans to staff with inspectors is available with the approved 2017 AIS Plan. The AIS plan can be viewed on the county website at www.crowwing.us and by searching "AIS."

The Land Services Department is committed to providing excellent customer service while helping landowners make wise choices that protect Crow Wing County's extraordinary natural resources. Citizens are encouraged to contact the Land Services Office at (218) 824-1010 or landservices@crowwing.us to discuss AIS or other land use related activities.
