If a business wishes to establish a charge account please contact the Landfill Office at 218-828-4392 prior to the event. During the event, the landfill attendant will direct businesses to the collection site after the vehicle has been weighed at the scale house. Equipment to be disposed will be unloaded and their vehicle will be directed back to the Landfill Office to be reweighed at the scale. At this time businesses will be provided with a bill for payment. The cost to dispose of business electronics is 30¢ per pound. Local businesses that plan to participate in this event are encouraged to contact the Land Services - Solid Waste Office at (218) 824-1290 so paperwork may be completed to expedite the process.

Government agencies that are eligible for the State Contract rates will be handled differently. They will be billed directly by Dynamic Recycling. You will also need to stop at the Landfill Office. You will be receiving your weight of the material brought in. Dynamic Recycling will verify the equipment and invoice your company within two weeks of the drop-off, so no payment is required during the event.
