## CROW WING COUNTY IMPROVES PROPERTY/TAX INFORMATION WEBSITE

Crow Wing County has more than 80,000 parcels of property in the county. The County has invested and improved the public's ability to search for property tax and property value information on our website.

Another enhancement is Crow Wing County has switched from a 15-digit Parcel ID number to an 8-digit Parcel ID number, but property owners will still be able to search using the legacy 15-digit Parcel ID numbers. This should also assist users in their property search process.

There are three ways to search for property information going forward:

A General **Property Search** allows you to search by multiple pieces of information including Parcel ID, Legacy Parcel ID, Owner, and Address.

An **Advanced Search** has all those search options as well as many more including, but not limited to, municipality, sales price, and sales date.

The **Map Search** option provides you an aerial view of the county and a point and click search.

The new site includes the following information for free to the public: complete field cards of the property, tax statements, valuation notices, pictures of the property (if available), sales data, land and building information and value, additional structures, tax statements, and building sketches. There are also helpful quick links to pay your taxes and apply for homestead exclusion.

To access the new site, go to the Crow Wing County web site ([www.crowwing.us](http://www.crowwing.us)) and click on Your Government, then under the Land Services heading, click Property/Tax Information. Or by going to this link:
