CROW WING COUNTY TO HOLD LAND USE INFORMATIONAL WORKSHOP

Crow Wing County will be holding a land use informational workshop on Wednesday, March 30, 2022 from 9:00 am – 12:00 pm at the Crow Wing County Land Services Building, meeting rooms #1 & 2 located at 322 Laurel Street, Brainerd. The workshop is being developed for contractors working around the Brainerd Lakes area but all are welcome to attend. It's packed full of relevant and important information regarding land use permit regulations, requirements, grant opportunities, proposed ordinance revisions, GIS map training, and more!

Registration for this event is encouraged and preferred, but is not required. To register, go to www.crowwing.us/landservices and click on the registration link or stop by the Land Services Building at 322 Laurel Street in Brainerd. Call (218) 824-1010 for more information.

The County's Land Use Ordinance is designed to achieve measurable results in achieving the goal of keeping our lakes healthy. Rather than a one size fits all approach to land use, site specific performance standards such as stormwater management, vegetated buffers and septic system maintenance are part of Crow Wing County's ordinance requirements. "This workshop is an opportunity to learn and understand rules and regulations for developing and improving property within Crow Wing County. Landowners, contractors, and other professionals deserve a consistent set of rules and excellent customer service" stated Environmental Services Supervisor Jake Frie. These site-based performance standards apply practical approaches based on the actual characteristics of a property.

Crow Wing County is committed to providing excellent customer service while helping landowners make wise choices that protect the County's extraordinary natural resources. Citizens are encouraged to contact Crow Wing County at (218) 824-1010 or visit www.crowwing.us to discuss land use questions.
