COUNTY WATERCRAFT INSPECTION PROGRAM READY FOR MAY 14TH FISHING OPENER

The Crow Wing County Land Services Department's 2022 Aquatic Invasive Species (AIS) program is ramping up to coincide with this year's fishing opener on Saturday, May 14th. Watercraft inspectors will be active on boat landings within the county beginning Saturday, May 14TH. Almost 16,000 inspections hours on 44 landings are scheduled for the 2022 season.

The 2022 AIS plan focuses on the top priorities identified by area lake associations, citizens, and business interests. It includes boat landing inspections, decontamination units, education, awareness, and innovative special projects. Invasive species are a direct serious threat to local economies and recreationists accessing public waters. Preventing and managing the spread of harmful invasive species is up to everyone.

"Crow Wing County is home to some of Minnesota's best fishing and boating waters. We remind everyone to take action and become part of the solution for protecting our waters," stated Jessica Shea, Business Manager. "With our 2022 AIS plan, Crow Wing County is leading Minnesota counties in the effort to limit and prevent the spread AIS in our waters with a very robust inspection program."

Draining all water, removing plants, mud and other debris, and inspecting trailers and watercraft as you move from lake to lake can minimize the risk of spreading AIS. Additionally, 21 days of drying time is needed before relocating docks, lifts, or swim rafts into a different water body. For more information, please visit www.crowwing.us/ais

The Land Services Department is committed to providing excellent customer service while helping landowners make wise choices that protect Crow Wing County's extraordinary natural resources. Citizens are encouraged to contact the Land Services Office at (218) 824-1010 or landservices@crowwing.us to discuss AIS or other land use related activities.
