COUNTY SURVEY COORDINATOR NOMINATED PRESIDENT ELECT FOR MACS

Crow Wing County Survey Coordinator David Landecker was recently nominated President Elect of the Minnesota Association of County Surveyors (MACS) at its 29th annual meeting in Bloomington. Landecker has been a licensed Land Surveyor in Minnesota for 28 years and resides in Breezy Point. He currently serves the County in the Land Service Department as the County Survey Coordinator, E911 Address Coordinator and assists in Land Use and Planning.

“We are pleased and proud of this state-wide recognition of David’s leadership and professional excellence,” noted Land Services Director Mark Liedl. “Crow Wing County’s commitment to outstanding customer service is enhanced by outstanding staff members like David Landecker.”

Minnesota consists of 87 Counties of which 58 have county surveyors. MACS, which was founded in 1983 and currently has more than 50 active members, is an association dedicated to working closely with governmental officials to provide professional surveying and legislative support as it pertains to land surveying and GIS issues. The county surveyor’s primary responsibility is to maintain the public land survey system through research and remonumentation. MACS strives to unite all county surveyors in the state and to promote and collaborate on matters of similar interest to government surveyors throughout Minnesota.

The Land Services Department is committed to providing excellent customer service while helping landowners make wise choices that protect Crow Wing County’s extraordinary natural resources. Citizens are encouraged to contact the Environmental Services Office at (218) 824-1125 or environmental.services@co.crow-wing.mn.us to discuss land survey issues or land use questions before starting building projects. Information about land use in Crow Wing County can be found at www.co.crow-wing.mn.us. To learn more about MACS and its service to its members and the state of Minnesota, please visit www.macsinfo.us.
