## CROW WING COUNTY LANDFILL SITE OPENS FOR SUMMER HOURS

The Crow Wing County Landfill Site will begin summer hours starting the first weekend in April and operate 8 am to 5 pm Monday through Saturday. After a long winter, residents have been eager to start spring cleanups and the Crow Wing County Landfill Site is available for residents to dispose of items that are no longer used or needed.

The County Landfill takes household garbage but many residents do not realize the landfill will accept other items such as fiberglass boats, mattresses, furniture, and mobile homes. The County Landfill also has a demolition landfill to dispose of demolition materials. Residents are also encouraged to use the free compost site to dispose of material from gardens, leaves, lawn clippings or branches.

Certain items are banned from the actual landfill; however, there are specified drop-off locations at the County Landfill Site to dispose of these items for a small fee. Appliances or white goods such as refrigerators, freezers, dishwashers, washers and dryers, stoves, hot water heaters, microwaves; Electronics such as computers and their components, TV's VCR/DVD's, stereos and telephones; Tires with or without rims; Scrap Metals such as lawn mowers, grills, metal piping. These items are then recycled.

The County Landfill Site also provides the following services for free or a small, nominal fee: recycling of glass, plastics, metal and paper, used motor oil/antifreeze, and lead-acid car/marine batteries for residents. There is a 50¢ fee for oil filters and \$1 per gallon of antifreeze. The County does provide other recycling/used oil locations throughout Crow Wing County. Please check out the County Web page at: <http://www.co.crow-wing.mn.us> and search for "recycling" for more locations.

"The County's 'One-Stop-Service' provides convenient access for proper disposal of un-used or un-needed materials at the Landfill Site." stated Doug Morris, Solid Waste Coordinator. "Upon arriving at the County Landfill Site, residents must stop at the Landfill Office. The attendant will discuss the items to be disposed, collect any fees and give directions to where the drop-off locations are for disposal. It is important to note that all loads coming to the County Landfill must be covered to ensure our roadways are not littered with debris.

The Household Hazardous Waste (HHW) Program will open for the season beginning April 24 2013. Then, starting in May, the HHW Facility will be open the second Wednesday and second Saturday through the month of October from 8:00 a.m. to 4:00 p.m. Please look for more information in the local newspapers or visit the County Web Site at <http://www.co.crow-wing.mn.us> and search for "household hazardous waste".

The Land Services Department is committed to providing excellent customer service while helping our residents make wise decisions that protect Crow Wing County's extraordinary natural resources. Citizens are encouraged to contact the Environmental Services Solid Waste Office at (218) 824-1290 or to visit the Crow Wing County Web Site [www.co.crow-wing.mn.us](http://www.co.crow-wing.mn.us) and search for "Solid Waste" for more information.
