County Reports Excellent Conditions on Cross Country Ski Trail System

Crow Wing County Lands Services is reporting some of the best cross country skiing of the season. Recent snowfall over the last week has made conditions excellent for late season spring skiing on the Larson Lake and Wolf Lake Trails.

County Natural Resource Manager Bryan Pike stated, "The trails were packed, groomed and tracks set this week. A favorable weather forecast should provide an excellent recreational opportunity for residents and visitors".

For current trail conditions, maps, driving directions and additional information, please visit the County ski trail webpage at <http://www.co.crow-wing.mn.us/index.aspx?NID=317>

The County manages 105,000 acres of forest land for timber production and diverse recreational opportunities for multiple users. The sale of timber at public auctions during the year funds the county's management of these lands, while providing revenues to local communities. County forest lands are managed to strict environmental standards established by both the Sustainable Forestry Initiative and the Forest Stewardship Council certification standards.
