Emergency Address Signs

The Crow Wing County Land Services Department is asking property owners to keep blue E-911 signs clear of snow and debris after the recent large snowfall events. The E911 emergency system relies upon property owners to maintain signs once installed. Signs must be visible at all times so that emergency vehicles are able to locate properties quickly and efficiently when there is an emergency.

If the sign is damaged or removed, please contact the Land Services Department at (218) 824-1125 to assist in getting a new sign installed. E911 address signs or road signs shall not be altered, defaced, removed or moved and must comply with the county sign ordinance requirements. Signs that are not on an approved address post should be relocated and placed on an approved post, which is visible from the primary access road. For any questions regarding E911 sign maintenance, please contact Land Services Department.

The Land Services Department is committed to providing excellent customer service while helping landowners make wise choices that protect Crow Wing County's extraordinary natural resources. Citizens are encouraged to contact the Environmental Services Office at (218) 824-1125 or environmental.services@crowwing.us to discuss obtaining a new or replacement E911 sign or with questions regarding the placement or maintenance of a E911 sign. Crow Wing County information and resources can be found at www.co.crow-wing.mn.us.
