COUNTY PROPERTY VALUE ASSESSMENTS TO BE MAILED SOON

Crow Wing County property owners will soon be receiving their annual notice of property valuation and classification. Each notice lists the tax classification and assessed value of the property. These assessments are used to calculate property taxes payable in 2016.

“We are encouraging every property owner to review and understand their notice because changes in a property assessment can impact property taxes payable the next year,” stated Gary Griffin County Land Services Supervisor for Property Valuation and Classification.

Again this year property owners will see value assessment notices and tax statements mailed together. Materials in the mailing describe how properties are assessed for tax purposes and where those tax dollars are spent. By combining the mailing of notices and statements, the county will save taxpayers approximately \$6,000 in the processing costs.

Taxpayers are encouraged to contact the Land Services Department with any questions they may have about their properties valuation or classification. Taxpayers may visit the office located in Brainerd on the main floor of the Land Services Building, 322 Laurel Street. They may also contact Land Services at 218/824-1010, by email address at: assessor.office@crowwing.us, or visiting the website at www.crowwing.us. Land Services is committed to providing excellent customer service and responding to all inquiries in an efficient, courteous and professional manner.
